I spoke with David on the phone. KPK understands that COGCC is the regulating authority for this release. I have attached the initial Spill report submitted to the COGCC today. It has not yet been approved. A supplemental report is due in 10 days. I will copy you on that when it is complete. Please let me know if you have any questions.

Thanks,  
JP

**Importance:** High

Hi John,

We received a report that there was a flow line break of a KPK line in Fort Lupton, CO. I wanted to confirm and get some information of the spill. Please provide a report as soon as possible. Additionally, please provide notification to the National Response Center (800-42-8802), as the report we received indicated a proximity to water. Please call with questions. Thank you.
